

Read through all  books  
of the Bible in 90 days

# “LET THOSE WHO WOULD HEAR GOD SPEAK READ HOLY SCRIPTURE.”

—MARTIN LUTHER

*This guide will lead you through all 66 books in the Bible in 90 days.*

*On average it will take about 45 minutes a day.*

*If you want to grow spiritually, you need a consistent diet of Scripture. There is no substitute.*

## A FEW TIPS:

- Carve out a time and place to read each day. Make this a habit. Schedule it and guard it.
- Shift gears. Read some passages slower and some faster. That's OK.
- Read by books. Don't skip around. Books of the Bible were written in the same form as other books, beginning to end. Read them that way.
- Download the **Bible App** by Life.Church on your phone. Then download Bible translation(s) you like - The New Living Translation (NLT) is a great option if you don't know what to choose. Having this app handy will allow you to seize spare moments to keep reading. Biblegateway.com is also a great resource for online reading.
- Some translations on the Bible App (like the NLT – mentioned above) have an audio feature that will read the Bible to you as you follow along. This is a great way to extend concentration!
- Don't give up if you miss a day!
- Make this more than reading. Make this a dialogue with God. Keep asking:

**“God, what are you saying to me through these verses?”**
